RE: REACH Position Statement

Date: January 1, 2010

In June of 2007, a new EU ordinance for the Registration, Evaluation, Authorization, and Restriction of Chemicals – REACH, became effective.

The registration obligations are not applicable to Meritek since these substances are not present in our products in quantities totaling over one ton per year per Article 7 of the REACH directives.

For informational purposes, please be aware that we are in constant contact with our raw material and manufacturing suppliers to verify that our products do not contain SVHCs and are compliant with current REACH requirements. We will continue to monitor REACH related issues and will comply with any applicable requirements.

Should you have any questions, please feel free to contact me toll free at: (800) 367-4835 or at (562) 948-2236.

Additionally, my e-mail address is: curtis@meritekusa.com.

Thank you and;

Best Regards,
